20a. How does the Committee accomplish its purpose?

The Committee advises the Secretary on public-private partnerships across all public lands, with the goal of expanding access to and improving infrastructure on public lands and waterways.

20b. How does the Committee balance its membership?

Committee representation is balanced in relation to its mission as specified in its charter. The members have knowledge of utilizing public-private partnerships, providing recreational visitor experiences, developing and deploying infrastructure improvements, or a thorough understanding of recreational equipment. Members of the Committee are selected for their diverse backgrounds and their experiences with the recreational industry.

20c. How frequent and relevant are the Committee Meetings?

The Committee meets approximately two times annually. In FY 2018, the Committee held its first meeting on July 17, 2018 during which a chair and vice chair were elected, and four subcommittees were established to assist in carrying out the Committee's work: (1) Subcommittee on Partnerships and Collaboration, (2) Subcommittee on Public Access and Infrastructure, (3) Subcommittee on Technology and the Digital Experience, and (4) Subcommittee on the Reorganization of the Department of the Interior.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The advice cannot be obtained from other sources because it is formed through discussion and consensus building with all relevant interest groups sitting at the same table. The Committee provides a forum which encourages fairness and understanding, and the atmosphere for group consensus and partnership necessary for expanding access to and improving infrastructure on public lands and waterways.

20e. Why is it necessary to close and/or partially closed committee meetings?

All meetings are open to the public.

21. Remarks

The Made in America Outdoor Recreation Advisory Committee (Committee) was officially established on March 13, 2018.
